**Vice President at Arcus Recognized for His Leadership and
Commitment to the Community**

Scott Reilly is announced as a winner of the Forty Under 40 Award

HARRISBURG, Pa. (October 2, 2007) – Arcus, a nationally recognized staffing, recruiting and direct placement firm announced that Scott Reilly, Vice President of Arcus Public, has been named one of Central Pennsylvania’s 2007 *Forty Under 40* award winners, an award featuring the top 40 professionals under the age of 40 here in the mid-state. Scott will be featured in a supplement to the October 26 issue of *Central Penn Business Journal* and will be attending a reception to recognize his commitment to professional excellence to the community.

Scott has been with Arcus since December of 2003 and was promoted to Vice President of Arcus Public because of his understanding of the public sector and his ability to effectively lead and manage a team. He is responsible for the executive oversight, growth and development of the public sector division through its talent solutions: executive placements, interim executive placements, management consulting, staff augmentation, RFP development, training and executive coaching. He meets with key client decision makers and stakeholders to develop a position profile and determine the client’s needs, interview and present candidates to the client for consideration and serve as the final degree of quality assurance for all interactions in some of the nation’s largest cities, including Philadelphia, Los Angeles, Dallas and San Antonio.

Since beginning at Arcus, Scott has been building lasting, long-term relationships with Public sector clients across the nation, developing national sales from zero base to nearly \$350,000 in less than two years. He also laid the groundwork for the opening of an office in Los Angeles, CA. He is a nationally-recognized speaker/presenter on various topics for Public Technology Institute, an organization who focused on working with a core network of leading local government officials to identify opportunities for technology research and share best practices. He also regularly meets with and presents to Mayors and City Council Members across the nation.

Scott also takes pride in his community involvement. As part of Arcus’ partnership with Harrisburg University of Science and Technology, Scott teaches workshops on interviewing techniques, resume writing and job searching to better prepare the students for real world experience. He was named a Founding Honorary Alumni to the University in its first graduating class for his commitment and support to the school. He also serves as a member of the Derry Township Municipal Board Authority’s Compensation Committee where he is responsible for the approval of budgetary expenditures and is 2nd Chair Treasurer. Scott is also an active member of the Hershey Country Club Board of Governors.

Add 1 – Vice President at Arcus Recognized for His Leadership and Commitment to the Community

“Scott’s hard work and dedication to Arcus Public and the company overall is much appreciated. He continues to raise the bar and grow his geographic reach across the country,” said R. Douglas Firestone, President and CEO of Arcus. “Scott’s dedication to his family, to Arcus and the community make him well deserving of this recognition.”

About Arcus

As its mission statement explains, Arcus exists to provide creative, cost-effective, and practical solutions for private and public sector entities in need of talent. It does so by focusing on the core values of integrity, loyalty, honesty, trust, teamwork and quality. As a result, today Arcus is one of the fastest growing staffing, recruiting and direct placement companies in the United States. The company employs more than 150 people and has annual revenue in excess of \$18 million. The firm’s corporate headquarters is located in Harrisburg, Pa., with offices in Philadelphia, Pittsburgh and Los Angeles. For more information about Arcus, please visit: www.arcus.net.
